

.....

How much do you owe on your
student loans?

\$

Hmmm.....that's a lot of interest.

I'll give you the money to pay it off.

Wait. what?

Just pay me back when
have all the money.

One month later.

Something came up.
Send me some money.

Next month...

Something else
came up.

....and the month after
that....

Send me more money.

What is wrong with you?

I'm hungry.

Go eat something.

I have no money
for food.

It's because you don't save
any money.

I can't save any money!
You keep taking it all!
